

The Morris Chapter of NJAWBO offers several levels of sponsorship and advertising opportunities. These programs offer you a way to introduce your company and its benefits to the members of Morris NJAWBO in various ways. We are pleased to offer our members access to our newest opportunity to sponsor our Breakfast and Luncheon meetings through our new Program Ad Sponsorship.

Morris NJAWBO will produce a full-color program that will be distributed to all attendees at our monthly Breakfast and Lunch Networking & Learning meetings. The program will feature ad space for members as well as important information for members, potential members and affiliates about our chapter. The Breakfast & Luncheon Program will be produced twice each year at six-month intervals in October and April.

Those member businesses that took part as advertisers in the previous edition will receive a special discount of 15% if they renew at the same level in the new booklet.

Based on current attendance rates at Morris Chapter events, over the course of this six-month period, you can expect to advertise your business at 10 meetings and to introduce your business to more than 400 local professionals who want to network with you!

**RATE INFORMATION
